# Open House Families

London's FREE  
architecture festival for  
children and their families

22-23 June

# 4 Festival Headline Hubs jam packed with 30+ activities!

Last year we launched Open House Families to inspire the next generation of city-shapers. This year we've made it even better by introducing family-friendly building tours hosted by local children and adding workshops designed specifically for families with special education needs and/or disabilities.
